OBJECTIVE

Motivated and passionate Computer Science student seeking a software development role to apply my skills in Java, Python, SQL, Spring Boot, and web development. Eager to contribute to real-world projects, solve technical problems, and continuously learn and grow in a challenging professional environment.

EDUCATION

Bachelor of Technology, Computer Science and Business Systems
RMD Engineering College

Sept 2023 - June 2027
CGPA: 7.83 (till date)

Higher Secondary Education, Computer Science
Godson Matriculation Higher Secondary School

June 2021 - May 2023
Percentage: 88.50%

SKILLS

Programming Languages
Frameworks
Soft Skills

Java ,SQL, Python(Basic), Databases(MySQL)
SpringBoot, Streamlit, Postman, Git, Supabase
Problem Solving, Leadership, Project Management

EXPERIENCE

Python Project Intern
Infosys Springboard

Sept 2025 - Dec 2025
Virtual

- Acquired hands-on experience in Python development with key technologies and libraries such as Streamlit, Prophet, TS-Fresh and implemented machine learning algorithms.
- Collaborated with a team of 4 developers, deepened understanding of data preprocessing, data validation, anomaly detection, time-series forecasting, and data visualization while optimizing data handling and analysis workflows.

PROJECTS

FitPulse — Fitness Anomaly Detection System:

Developed a fitness analytics system to monitor heart rate, sleep, and step count data and detect abnormal patterns. Implemented Z-score, IQR, K-Means, DBSCAN, Prophet, and TS-Fresh for anomaly detection, clustering, feature extraction, and forecasting. Built an interactive Streamlit dashboard for data analysis, visualization, anomaly detection, and fitness insights.

Cutify – URL Shortener Web Application:

Developed a secure URL shortening system for creating and managing short URLs with efficient redirection. Implemented Spring Boot, MySQL, and Caffeine Cache to optimize URL storage, retrieval, and redirection performance. Built REST APIs for URL creation, redirection, and management, with a focus on scalability and efficient data handling.

CERTIFICATION

AMAZON WEB SERVICES – AI Practitioner

INFOSYS- Java Foundation Certificate
